# The Fashion Scene Of '84

Scooters are a trend of '84?

Himself?

Rocker?

Another fabulous, funky year has passed, and with it has come many new fashions, looks, and moods. The predominate attitude this year has been the more bizarre the better. Hairstyles have ranged from traditional to short, short to spiked, to most colors of the rainbow. The major fashion influences have been European bands and Japan. They have inspired many different looks including the bondage (ripped up) look, leather, the use of layering, cropped pants, longer skirts, and muted colors. Sweats have taken on a new meaning and can be found in many shapes, colors, and sizes. Wearing on solid color for an entire outfit has come on strong with white-on-white and black-on-black being especially popular. Many trends have continued this year, including punk, mod, preppy, and new romantic, but for the most part, students are starting to get away from these. This year has seen a lot of kids doing their own thing, and that is a trend that will continue for years to come.

# Students Exchange Foreign Views

Stephane Valensi

Mark Pompeo and Johan Good on the golf course

"It's a very interesting country," answered exchange student Johan Good, when he was asked why he chose to come to America from his native Sweden.

While he was here Johan enjoyed photography, playing badminton and being on the varsity golf team.

Besides speaking his native Swedish, he also spoke English, German and French fluently.

Among some of encounters he experienced while here were Knott's Berry Farm and a side trip to San Diego and seeing other points of interest in California.

Stephane at assembly

The other exchange student was here only first semester, coming from France, being born and reared in Paris.

While here, he stayed with Dieter Clunk and his family, but left during Christmas vacation to return to France to graduate there in 1984.

According to Stephane, school here was a lot different than in France, by being more disciplined. Students there are allowed to smoke when they are 13 or 14, and teachers are not allowed to give their opinions.

After Stephane graduates from high school, he plans to study law at a university. He someday hopes to return to the United States to visit.

The 1983-84 school year was a year filled with news. Tragedy hit the world in early September when a Korean Airlines jet flying from Los Angeles to Korea was shot down by a Russian jet fighter. In all, 269 Korean and American citizens were killed. President Reagan led worldwide condemnation of the attack causing many countries throughout the world to boycott air travel to and from Russia. In October, a suicide bomber drove an explosive-laden truck past sentries and into the United States Marine headquarters at Beirut airport where it exploded, killing 241 servicemen, many of whom were sleeping. It was the largest loss of life for United States soldiers in one incident since Vietnam. In November, ABC broadcast "The Day After", a television movie depicting the effects of a nuclear attack on eastern Kansas. The film made the public more aware of the effects of a nuclear war on our nation. Later that month, friends, family, and people from all over the nation gathered to remember John F. Kennedy on the twentieth anniversary of his death. Tragedy struck in 1983 when newscaster Jessica Savitch was killed in an auto accident. Dennis Wilson, famous drummer for the Beach Boys, drowned after he dove into the cold waters of Marina del Rey. On January 2, 1984, UCLA dominated the University of Illinois in the Rose Bowl. Later that month, the Los Angeles Raiders became the Superbowl champions when they defeated the Washington Redskins in the game of the year.

# By World Events

The beginning of 1984 brought a glimpse of hope to the people of America. After the death of Yuri Andropov, Americans saw hope in a brighter future for the United States and Russia. But the hope was dimmed when Konstantin Chernenko was appointed as Communist Party Chief. Many Americans were happy to hear that President Reagan pulled the American Marines out of Beirut and redeployed them to United States' ships off the coast of Lebanon. The XIV Winter Olympics held in Sarajevo, Yugoslavia, started out on February 7 with a bang. Debbie Armstrong won the first gold medal for the United States, and stunned her teammates when she acquired the winning time in the Women's giant slalom. Her teammate Christin Cooper came in with a close second. The biggest surprise of the Olympics came when downhill skier Bill Johnson became the first man in the history of the United States to bring home a gold medal in an alpine event. When the 1984 Winter Olympics in Sarajevo had ended, American athletes went home proud that they had the chance to represent their country in an international peacetime event. The Grammys were held on Tuesday, February 28, at the Shrine Auditorium in Los Angeles. Michael Jackson won an unprecedented 8 Grammys; among the awards he received were: Best Album, Best Performance by a Pop Artist, and Best Male Rock Vocal. Awards were also won by Duran Duran, The Police, and Culture Club. Vanessa Williams became the first black to be named Miss America in 1984. To round out the year science fiction became reality when man floated freely in space with the aid of the "jet pack."

Sad, serious, and funny were the themes of this year's movies. Some of the top-rated movies were "Silkwood" with Cher, Kurt Russell, and Meryl Streep; "Terms of Endearment" with Shirley MacLaine and Debra Winger; "Sudden Impact" with Clint Eastwood; "Footloose" with Kevin Bacon and Lori Singer; "Blame It On Rio" with Michael Caine; and "Yentl" with Barbra Streisand.

Lobo movie-goers also went to see "Hot Dog"; "Two Of A Kind"; "The Right Stuff"; "The Keep"; "Christine"; "Gorky Park"; "Star-80"; "Angel"; "All The Right Moves"; "Surf II"; and "The Lonely Guy".

# T.V. Outranks Lobos' Homework

Lobos spent many hours watching their favorite television shows. Daytime greats included: "Wheel of Fortune" and "Sale of the Century". On the daytime drama "General Hospital", actress Genie Francis made a return visit as Laura which boosted their ratings.

Among some of the most popular new prime-time comedies were, "We've Got It Made", "Cheers", "Webster" and "Family Ties". None the less, returning comedies such as "Three's Company", and "Benson" fought not to lose their ratings. America's favorites were still night-time soaps. The continuing saga of soaps such as "Dallas", "Dynasty", "Falcon Crest" and "Knots Landing" were highest in ratings but, new soaps like "Masquerade", "Hotel" and "Emerald Point" were still in the running. Lobos were also seeking adventure in shows such as "Magnum P.I.", "Simon & Simon", "The A Team", and "Hart to Hart".

There were a number of successful mini-series: "Lace", "The Thorn Birds", "Master of the Game" and "Celebrity". There were controversial movies like "The Day After", a poignant story about the effects of nuclear war, and "The Skys NO Limit" was pre-Sally Ride's voyage on the space shuttle.

No matter what was showing, television always seemed to outrank homework for the Lobos.

# Lobos Model Their Madness

Superb spirit was shown this week by the Los Amigos Lobos. Beginning with "Sporto Day" on Monday and continuing throughout the week, was Tuesday being "Hawaii Day", Wednesday being "Togo Day", "I don't care Day" was on Thursday, and students dressed for the 20's on Friday. On each day, Lobos also participated in noontime activities held for class participation. The start was Monday with a canoe race on skateboards in which the entries used plungers to get to the other side. Tuesday was a swim relay; in this the contestants had to exchange the sweats they were wearing after swimming the length of the pool. The chariot races were held in the gym on Thursday, and on Friday there was a tricycle race. At the end of the week, the points were calculated and the winners were determined as follows: in first place were the seniors, juniors took second place, third place went to the sophomores, and traditionally in last place were the freshmen.

'The Roaring 20s' was the theme for the '83-'84 homecoming held on Oct. 28. All the girls in the homecoming court dressed in flapper-style clothing and the boys were decked out in tuxedos. Each couple entered the field in an antique car and rode around the track, alighting at the band shell in front of the Lobo side of the stadium.

Joe Choi, activities commissioner, introduced each couple by telling a little about each person's interests and activities as each departed from the cars to walk the red carpet to the center stage.

The freshman prince and princess were Mike Elcherly and Amber Pehau; Billy Thompson and Lisa Hawks were the distinguished sophomore couple and Jackie Hoberg and Wes Lang represented the juniors. The senior court consisted of Michelle Tovar and John Hoefnagels, Julie Talluto and Sergio O'Cadiz and Carrie Gallagher and Richard Keller.

Seniors Julie Talluto and Richard Keller relieved former queen and king, Karen Carlson and Dave Cook, of their crowns as the special highlight of the evening unveiled an airplane flying over the stadium with the winners' names announced in lights. At that moment, a huge array of colored helium balloons was launched into the sky. The plane continued circling the stadium several times with other messages for the Loba crowd.

The drill team performed to "Over the Rainbow" and "Charleston" as they danced with colorful long scarves, and the band, led by drum major Martin Hetu and band director Bob Wilson, accompanied them.

The game ended with the Lobos beating Santiago 30-21 and after the game, a dance was held on the Los Amigos campus.

The Regional Occupational Program (ROP) this past year provided Los Angeles students with high quality on-the-job vocational and technical training. The 100 students who were enrolled this past year received training from one of the many classroom sites. They later went on to an actual job where they earned valuable credits and job skills rather than money.

The Work Experience program, headed by Jim Silva, had an enrollment of 58 students this past year. This program offered students a chance to receive credits for their job along with their paychecks. The only requirements were that a student have his own transportation and own job, although on rare occasions, Work Experience provided students with a job. A student must have completed 240 hours by the end of the semester in order to earn credits.

# Mock Trial Reaches Third Round

During the fall and winter months, the Los Amigos Mock Trial team competed against other high schools in the Orange County Courthouse. Los had a bye the first round; on the second round they went up against and beat Ocean View High School, but unfortunately, they were defeated in the third round by a very strong Costa Mesa High School. They were coached by an attorney named Marty Kossock, and the "trials" were presided over by a real judge. The team was advised by Activities Director Mr. Bill Brady. The purpose of these trials is to teach students about law and the judicial system.

This year's OCAD team, which has been coached and advised for over seven years by Mrs. Dee Wilhite, participated in the annual Orange County Academic Decathlon, the junior/senior team in November at Los Alamitos High School, and the freshman/sophomore team in February at Newport Harbor High School. After the competitions, both teams attended an awards banquet. Whereas the Jr./sr. team didn't go into competition with a full team—as has been the case for many years—the frosh/soph team had to cut some people from the squad. Mrs. Wilhite sees this as a good sign, that interest in OCAD may finally be on the upswing.

Los Amigos really got into the Christmas spirit this year, thanks in large to the ASB. The ASB sponsored a canned food drive, in which over 3300 cans in all were collected. There was a contest between third period classes to see which class could collect the most cans, with Mrs. Dee Wilhite's class taking first place with 941 cans, followed closely by Mrs. Jeanette Morin's class in second, and rounding out the top three was Mrs. Carol Strauss' class. A room decorating contest was sponsored between third period classes, with Laura Richard's French class being judged the best. For the first time this year, classes participated in Operation Santa Claus. Third period classes could adopt a senior citizen or child to buy a present for. It was a resounding success, with over 40 classes participating, and with many buying two or three presents.

# Crowning Of The Court

The King and Queen of Courts Basketball Game was held on January 20 in the Los Amigos gym. We lost the victory to Bolsa Grande High School, 64-58.

The nominees for the court were Lido Saifua and Michelle Chavarria for the freshmen, and representing the sophomores were Lisa Hauck and Maurice Torres. Featuring the Junior class were Debbie Weyant and Raul Guidl, and chosen for the senior representatives were Heather Mackey and Jim Haefner. Jill Moore and Tony Terreri, and Alison Ohler and Gary Kribs. The winners, Heather Mackey and Tony Terreri, were crowned by last year's King and Queen, Chris Marino and Cherise Gallagher. During the halftime ceremony, the stage band and drill team performed.

The 1983-84 fall drama production was "The Rainmaker". It was shown in the Little Theater on Nov. 16, 17 and 19. The play was about a family in the early 1900's during a midwestern drought. The set used was the most advanced one in this school's history

The family involved included: H.C. (Abe Topkjian), Noah (Owen Johnston), Jim (Tony Rodriguez), and Lizz (Monique Te Selle) Curry. Their only hope to stop the drought was 'The Rainmaker' himself, Tom (Bill Starbuck) Murphy. Starbuck stopped the drought and won Lizz Curry.

Supporting actors were Mike Glazener and Chris Gillette. The student production team was made up of Eric Wilson and Karol Cooper as student directors, Julie Talluto and Donna Hardison as house chairmen, Donna Craft as stage manager, Don Fleishman on lights, Tina Akins on sound effects, and others as stagehands.

On varsity, Andy Shourds, Mark Pompeo, April Bryan, Tony Tetteri, Steve Trammell, Gary Kribs, Eric Land, Jim Heafner, Koren Glinskis, and Richard Keller rounded out the team. Later Coach John Keating commented, "All I can say is there were a bunch of jackasses out there." Gary Kribs also said, "It was fun, but it was hard telling the teachers apart from the donkeys."

The Band Boosters have been a great asset to Los Amigos. They helped support all the bands and marching units, such as stage band, concert band, marching band, orchestra, drill team, banner squad, the drum major, and the majorette.

The boosters attended all the games and concerts. They also marched along with the band during all the parades carrying extra reeds, drum sticks, mouth pieces, and an abundance of water.

The boosters held many fund-raisers this past year. Among these were washing cars, working in the concession stand at home football games, and selling Band Booster memberships.

On top of going to all the musical performances, the Booster Club president, Mrs. Peggy Van Herpen, held a hot dog barbeque in November for all marching units.

They helped support the athletes by sponsoring an on-going paper drive, a pancake breakfast, and an art auction. With the profits, they were able to purchase \$500 in medical supplies for the athletic department, uniforms and warm-ups for the soccer team and warm-ups for the tennis team. The athletic boosters are a very spirited and active organization. Because of their dedication, they were able to enhance the athletic programs at Los Amigos High School.

# Marching With Pride

1983 Showcase of Bands

The Lobo Band just completed a very successful year. They were really proud to back the football team. This year's half-time season was very productive. With five home games, and one field competition, the band learned their show well. This year's parades included Temple City Camellia Parade, Mission Viejo St. Patrick's Day Parade, and the Garden Grove Strawberry Festival. Preparing for all of this required hours of rehearsal, doing shows over and over again and hours of street marching at a time. But it all paid off in the end.

The band started practicing in August while everyone else was at the beach. The band is really excited about receiving new uniforms. Band director Robert Wilson hasn't decided on a definite design yet. The band also performed at Leisure World for the elderly during the holiday season.

The '83-'84 Banner Squad, composed of 12 members, 10 performing and two alternates, did an outstanding job this year. Captain Stephanie Seevers and co-Captain Theresa Sumrall did a superior job with the girls. They had routines for each half-time show and parade. This year was a first for the banner squad; they went to their first competition since the school opened. The squad received new shields from the Band Booster Club which added the extra flash to make them one-of-a-kind.

Striving to broaden their literary horizons, the Creative Writing Club, advised by Mrs. Gail Lujan, organized and carried out many activities this year. Their various artistic endeavors included throwing a pizza party in January, going to see the play, "A Streetcar Named Desire" in February, running the school's annual creative writing contest, and putting together the creative writing magazine. The funds for these activities came from money that last year's club left over, from the money collected from the contest, and from the students' own pockets.

The officers of the creative Writing Club were as follows: Mark Pompeo, president; Wesley Nishiyama, vice-president; Jessica Moon, secretary; and Monica Van Herpen, treasurer.

The year that just went by so fast has brought memories I will never forget. The leadership of 1983-1984 was a group composed of students that not only ran activities, but learned skills and developed friendships that will last. The support I received throughout the year from the faculty helped the ASD continue to "Grow Up Where We Belong." The four years I have been here it has become quite evident that LAHS is not just another high school, but a special place. I would not want to spend my four years anywhere else.

The 1983-'84 Reflector Staff was constantly on the go. They were making lay-outs, ("But why can't I make those big pictures into one little picture?") They strained their eyes hunting through pictures to find the perfect shot that appealed to everyone, and would make their yearbook complete ("You are going to put THAT picture of HIM in our yearbook!?!") Most of all, they were striving to meet what seemed to be impossible deadlines that they all loved so much?!

The yearbook advisor again this year was the fearless Mrs. Carol Lipp Strauss, who through it all could seem to remain calm while making sure that everyone got his or her work done. (Thanks!)

Overall, the entire Reflector staff not only learned the meaning of dedication and responsibility, but they also acquired the true value of their trusty, old, stand-by saying, "You want it when?"

## A black and white photograph of a person sitting on a bench in a park-like setting with trees in the background. The image is very blurry and has a high level of contrast, making details difficult to discern. The person appears to be sitting on a bench, and there are trees and foliage in the background. The overall quality is poor, with significant noise and artifacts.

The first thing I noticed  
 when I stepped out of the car  
 was the smell of the sea.  
 It was a salty, sweet  
 scent that I had never  
 experienced before. The  
 sun was shining brightly  
 on the water, and the  
 waves were crashing  
 against the shore. I  
 felt a sense of peace and  
 tranquility that I had  
 never felt before.

The staff of the Los Amigos newspaper Paw Prints had a small staff but worked hard to publish an excellent publication once a month. They chose and wrote the stories, laid out pages, took the pictures, wrote the headlines, and met at the professional print shop the day before publication to do the paste up.

All the staff belonged to the California Scholastic Press Association, (CSPA) and participated in several of their meetings and workshops during the year, including a Saturday seminar at the L.A. Times in February. Some of the class attended the California Women's Press Day in March on the Santa Ana College campus.

Editor-in-Chief Mark Baxter was one of only 30 So. Calif. journalists chosen to attend a two week workshop in August that the CSPA sponsored at the San Luis Obispo campus.

The California Scholarship Federation, or CSF, consisted of about fifty members and nine associate members during first semester. Eleven of these students were Gold Sealbearers, which meant that they had belonged to CSF for at least four semesters. This made them eligible to receive a gold tassel on their cap and gown and a gold seal on their diplomas at graduation.

Because CSF is primarily an honorary organization, its members were not required to participate in any activities or fundraisers. Some of them did, however, go to CSF night at Disneyland in the spring.

# Computer Club Programs Fundraiser

With the addition of three more TRS-80s to the school's business department, this year's computer club was able to accomplish a great deal more than previously. Advised by Mr. LaMar Williams, the club met every Wednesday to schedule computers, compose new programs, and to discuss possible fundraisers and activities.

One fundraiser the club held was the computer matching service, which was open to anyone who wished to participate. Interested students filled out surveys showing their likes and dislikes and fed the information into a computer, which then picked the person best suited to them. Another fundraiser was a candy sale held in the spring. Money from these two events went toward purchasing new computer equipment.

The story, played in real life sets created by the class, was a drama about a girl in a boarding school who spreads a lie about two of her teachers. The play demanded interpretation and had a surprising and fascinating ending. It was directed by George Taylorson.

# Tennis Team Serves

This year's girls' varsity tennis team finished the season with a 7-3 league record, which ranked them in third place among the schools in the district. They qualified for CIF, reaching the quarter-finals before losing in a close match to Lompac High School.

By far the most exciting point of the season occurred when the team beat rival La Quinta High School. Although the overall score was tied, they were able to win because they had gotten the majority of the games. This victory enabled them to become the first league school to defeat La Quinta in 13 years.

The tennis banquet was held on December 7, 1983, at The Spaghetti Factory in Newport Beach. Senior Cindy Lechner received the Most Valuable Player award for the team.

This year's varsity team had a great season. It began with a new coach, Dave Stricklin, an alumni from 1976. He pushed and worked the team by having practices consisting of mostly running and new offenses. The team records show the improvement: an overall record of 10-13 and a league record of 4-6, with a tie for third place. The Lobos missed going to CIF by the toss of a coin. Because of the tie, the principals of Rancho Grove and our own flipped coins. We were odd man out, who had gone in previous years. The other two schools flipped and Rancho won the toss.

The banquet was held at Villa Sweden on Feb. 28. April Bryan and Jodi Stehmeyer were team captains. The MVP award was given to April Bryan and Lesa Phelps and the most improved went to Jodi Stehmeyer. Bryan was leading scorer. Lesa Phelps was the leading rebounder and Phelps and Heather Mackey lead the team in steals. Phelps and Mary Beth Hall were leaders in assists. The leading free-thrower was April Bryan, who was also named to First Team All League. Lesa Phelps received Honorable Mention.

"They are the best team in the history of this school," stated Head Coach Dave Selph. But then how could they not be the best? For starters, the 1983-84 varsity football team averaged 30 points a game. That was only the beginning. The team was ranked as high as sixth in the county, held the first place position in the Central Conference for several weeks, and was at one time the only undefeated team in Orange County. The coaching staff of Dave Selph, Don Webster, Jeff Riggins, and Steve Haines led the Lobo team to a 9-1 season finish and second place in the league. They entered the CIF playoffs for the fourth consecutive year and reached the quarterfinals before losing in a close game to Brea High School, 19-20.

The team ended the season with a 10-2 record overall. At the end of the season, five football players made first team all league: Rick Russell, Brett Webber, and Bob Sims made first team offense, while Jim Haefner and Andy Shourds made first team defense. Sean Olson made second team offense. In addition, Brett Webber was named the most valuable offensive player of the Garden Grove league. The football banquet was held on January 4, 1984, in the Lobo Commons. Bob Sims and Jim Haefner were named co-team captains, and Brett Webber received the Most Inspirational and Most Valuable Player awards. All in all, it was a very good year.

# Races Across The Line

With all their determination this year varsity boys cross country ran a good season. Their efforts gave them a fourth in league. This years team included Sergio Ocadiz, Greg Orchard, Mike Pacheco, Felipe Plascencia, Robert Rust, and Randy Tarango. The team consisted of five seniors and three sophomores. Our coach was Mr. Wayne Ambrose.

Teamwork was the one word that was used to define the varsity basketball team. The team consisted of seniors Tim Meagher, Steve Trammell, Mark Pompeo, Steve Hutson, Mike Olmstead, Andre Shourds, Keith Coffman, and Richard Keller. The team also had one Junior, Scott McMullan, and one sophomore Geno Howard. Steve Hutson was named player of the week in two newspapers, the L.A. Times and The Register. The Lobos entered CIF by beating Santa Ana but lost in the second round to El Toro.

The J.V. basketball team this year consisted of all juniors. Throughout the season the players were very supportive and made a good effort. In April, a banquet was held at the Villa Sweden where the four most important players were announced. The first of these was the captain of the team who was responsible for the behavior and making sure the players tried their hardest. This privilege was shared by Chang Park and Chuck Grandison.

The second was the most valuable player, Erik Keller. This person was chosen by the coach as the one who worked harder than all the others to assure a good game. And the last award was given to Chang Park, who was given the coach's award. Park made a great effort to do his best for the team. He did his best to show up for every practice and every game. But, with twice as many wins as losses, we know they were a well-together team.

For the boys' varsity tennis team, 1984 was a year of transition. The team, led by new coach Phil Parish, consisted of only five returning players, and two of the team members were freshmen. Nonetheless, the players were optimistic about themselves. "We're a good, solid team," commented doubles player Mike Olmsted.

The tennis team began the season by playing such tough schools as Marina and Los Alamitos. This helped prepare them for the competition they faced in league. Their determination to succeed paid off when, for the second consecutive year, they were able to go to CIF.

for some it's an ending, but  
for others, just a beginning.  
I will have to fight to hold  
back the tears. For some, it  
may be the last time we  
see each other, and when  
the ceremony is over, most  
will have tears, as we hug  
and say our last goodbye.  
Those who are close, we'll  
see again, and for those  
who aren't, perhaps the  
future will bring us together  
once more. As I start to  
leave, I turn and take one  
last look. All my memories  
come back. I can't say good-  
bye cause I know I'll be  
back, so I just whisper 'so
